

PINTURAS JUNO

DATA SHEET

JUNORAL COLORANT

CODE: 780--

DESCRIPTION

Highly-concentrated liquid colorant, suitable for dying any kind of water -based paints, etc.

It is suitable to dye plastic paints for indoor and outdoor applications, excluding the following colours: VERMILLION RED, LEMON YELLOW & PERSIAN GREEN, which are exclusively indoor colours.

APPLICATION INSTRUCTIONS

Shake the colorant before use. Add it directly to the paint to be died.
Mix vigorously until fully blended to achieve an even colour without any blotches.

OBSERVATIONS

In order to maintain the characteristics of the paint used, do not add more than 3% of colorant.

PACKAGING

Lithographed plastic container. Sizes: 0.050 / 0.125 / 0.250 / & 0.750 litres.

Date: July 2000/Revision: 3

N.B.: Our technical instructions and advice, whether oral, in writing or through tests are given in good faith and to the best of our knowledge. However, it must only be construed as an indication **WITHOUT LIABILITY** even in regard to possible third-party industrial property rights, and this does not exempt the customer from testing the supplied products in order to verify their suitability for the procedures and purposes intended. The application, use and processing of the products supplied by us are carried out outside and beyond our control, and therefore, constitute the exclusive responsibility of the customer. If, however, there were any grounds to consider any liability on our part, this will be limited, regardless of the damage and loss, to the strict value of the goods supplied by us and used by the customer. It is understood that we guarantee the absolute quality of our products according to our General Sale and Supply Conditions.
